Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 01 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain arriving tonight bringing heavy downpours.

This Evening and Tonight:
Patchy rain in some parts initially but dry and cloudy elsewhere. An area of rain from the southwest will soon arrive, spreading across the region through the night, bringing heavy downpours in some areas. A mild night with increasing winds. Minimum temperature 4 deg C (39 deg F).

Tuesday:
Starting dry for many, although the afternoon will see potentially very heavy showers. Mild, but feeling cooler in a strong breeze. Risks of coastal gales. Maximum temperature 13 deg C (55 deg F).

Outlook for Wednesday to Friday:
Mostly dry on Wednesday with scattered showers and sunny spells. Windy and feeling mild. Dry spells mixed with showers continue Thursday to Friday. Becoming colder on Friday.
